About Habitat for Humanity

[Habitat for Humanity](#), founded in 1976, is a global, Christian-based nonprofit organization that grew out of an intentionally multi-racial community in rural Georgia. Seeking to put God's love into action, Habitat brings together people of all faiths and people of no faith to build homes, communities and hope. Working alongside each other, we help families and individuals build and improve places to call home and achieve the strength, stability and self-reliance they need to build better lives. Habitat seeks individuals who have a willingness to affirm these principles and values.

At Habitat for Humanity International, we embrace a history rooted in creating equity and take our mission seriously by courageously committing to culture and workplace where all staff feels safe, welcome, visible, respected, supported and valued. As an equal opportunity employer, we realize that our success depends upon building an inclusive workforce of diverse perspectives and encouraging people of varied races, ethnicities, national origins, tribes, religions, ages, gender identities and expressions, genders, sexual orientations, marital statuses, disabilities, veteran/reserve national guard statuses, socio-economic statuses, thinking and communication styles to work with us.

We also require that all staff take their ethical responsibilities to safeguard our intended beneficiaries, their communities (especially children), and all those with whom we work. In line with the prevention of sexual exploitation and abuse, all staff must pass a thorough background screening and be held accountable for upholding our ethical behavior policies, including safeguarding and whistleblowing.
